

ROMAIN JAFFUEL

Dual-degree student (AI Engineering / Political Science)

France ♦ +33 6 95 46 01 24 ♦ romain.jaffuel@gmail.com ♦ Driving licence A & B

EDUCATION

Dual degree – Data & Digital Humanities	2022 – 2028
Sciences Po Saint-Germain-en-Laye — political science, geopolitics, international relations.	
CY Tech – Engineering degree (MSc level) — AI, machine learning, data science, quantitative methods.	
Exchange semester – Ilia State University, Tbilisi (Georgia)	03/2025 – 07/2025
Russian (B1/B2), machine learning, history of Ukraine, Cold War, US foreign policy.	

PROFESSIONAL EXPERIENCE

Pôle d'Expertise de la Régulation Numérique (PEReN) – Research internship	04/2026 – 09/2026
Design of an experimental protocol for collecting and quantifying AI-generated content on social media: scraping, extraction of AIGC labelling metadata, automated video analysis.	
Maison de la Recherche SHS – Research assistant – Internship	01/2025 – 02/2025
Analysis of behaviour and influence within academic examination boards.	
Paris Defence Zone Headquarters – Internship	05/2023 – 07/2023
Contribution to the organisation of the 14 July 2023 military parade.	

SKILLS

Data science:	Python: pandas, scikit-learn, PyTorch, matplotlib, vLLM, ultralytics, numpy. Web scraping: BeautifulSoup, Playwright, Selenium. Tools: Linux, Git, R, Latex, SQL.
ML / AI:	Computer Vision, Clustering, Classification, Reinforcement Learning.
Languages:	French (C2) English (C1) Russian (B1)

PROJECTS

AVAILABLE AT: [GITHUB.COM/ROMAIN-JAFFUEL](https://github.com/romain-jaffuel)

Russian propaganda analysis	— Scraping and narrative analysis through natural language processing
Russian media dashboard	— Scraping and automated analysis of multi-modal media
Electoral data clustering	— PCA / t-SNE / UMAP, KMeans / DBSCAN.
Military aircraft detection	— Computer vision on military aircraft (YOLOv8).
Drone trajectory classification	— ML pipeline, Random Forest, OSINT.
Snake through reinforcement learning	— Deep Q-Learning agent (PyTorch).
Hong Kong protests	— Paper on platform governance and digital authoritarianism.

EXTRACURRICULAR INVOLVEMENT

Defence studies society – Vice-president	07/2025 – 07/2026
Project coordination, liaison with defence professionals, participation in trade shows.	
Model United Nations club – President	05/2023 – 02/2025
Running sessions: public speaking, drafting, debating and improvisation in English.	
Student Observatory of International Relations – Contributor	09/2022 – 06/2024
Author of the report "Syria, 13 years on" on the Syrian civil war.	

INTERESTS

International relations / Security & defence / Geopolitics.
Artificial intelligence & hybrid threats.
Sports: swimming & ultimate frisbee.
